that I believe that I am the original, first, and sole inventor of the
invention described and claimed in the instant patent application entitled

301 HIGH REGISTRATION PHOTOMASK MACHINE AND
COMPUTERIZED NUMERICAL CONTROL SYSTEM

that, as to common subject matter of the instant application
and my earlier filed United States application(s) of which

instant application is a continuation-in-part
ing described on page(s) 1B and 1C

the specification for the purpose of receiving benefit of the
filing date(s) of said earlier filed United States application(s) in
accordance with 35 USC 120, I do not know and do not believe that
said common subject matter was ever known or used in the United States
before my invention thereof or patented or described in any printed
publication in any country before my invention thereof or more than
one year prior to the filing date(s) of the related one(s) of said
earlier filed application(s), or in public use or on sale in the
United States more than one year prior to the filing date(s) of
the related one(s) of said earlier filed application(s), that the
said common subject matter has not been patented or made the subject
of an inventor's certificate issued before the filing date(s) of the
related one(s) of such earlier application(s) in any country foreign
to the United States on an application filed by me or my legal
representatives or assigns more than one year prior to the filing
date(s) of the related one(s) of said earlier filed application(s)
and that no application for patent or inventor's certificate on said
common subject matter has been filed by me or my legal representatives
or assigns in any country foreign to the United States and that, as to

subject matter of the instant application which is not common to
earlier application(s) (non-common subject matter), I do not know

to believe that said non-common subject matter was ever known or

United States before my invention thereof or patented or
any printed publication in any country

before my invention reof or more than one year prior to the filing date of the instant application, or in public use or on sale in the United States more than one year prior to the filing date of the instant application, and that said non-common subject matter has not been patented or made the subject of an inventor's certificate issued in any country foreign to the United States on an application filed by me or my legal representatives or assigns more than one year prior to the filing date of the instant application and that no application for patent or inventor's certificate on said non-common subject matter has been filed by me or my legal representatives or assigns in any country foreign to the United States prior to the instant application.

Wherefore I pray that a Letters Patent be granted to me for the invention and discovery described and claimed in the instant application and I hereby subscribe my name to this declaration. I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
